Customer Reviews

Very helpful, Iyanla is a calm and soothing guide. The meditations, though simple, are very very effective. I am now greatly interested in hearing more from, and expect to be just as pleased with, future purchases of this author.

I really enjoyed this guided meditation because it delivered. I felt balanced and centered after listening to just half of the recording. I agree with all the comments from previous positive reviews.

One negative reviewer remarked that it is repetitious, and perhaps it is a little bit. For me, I like the repetition. I may understand what Iyanla is saying on an intellectual level, but I need to hear the message repeated in order to understand on a deeper, more spiritual level. I would definitely recommend this audio book to anybody who is looking for a guided meditation to relieve stress, become balanced, and more centered.

This audio is powerful, soothing, and comforting. Thank you. Please make more CD s. voice is calming and centering. Enjoy.

If you already have spiritual practice, this CD will likely offer nothing new. If you don't have a spiritual practice this CD probably won't inspire one. I had high hopes for this CD and have been working with the two energy centers she refers to for some time. This CD offered nothing new to my experience. The author's voice was potentially very soothing and powerful, but unfortunately the meditations were of little to no substance. Shes uses all the banal buzz words of new age jargon (over and over again) almost to the point of cliché.

Again this is a God sent person. i soak in as i listen. This is especially enjoyable for the world we live in today.

Like it, good listen . Positive
