Customer Reviews

A great reference for questions about individual tax preparation. I bought this for a class but will be using it outside of the classroom, too. It came with the Cengage Now code that was required for my class and this was the best price I could find. No complaints!

This is not a book. It is a ream of nice, glossy, three-hole-punch paper that I have to provide the binder for myself! Sadly, as it is needed for a college credit course, I have no other option. Charging almost \$200 is deplorable. I couldn't think less of a company that charges such for the product they deliver. Digital was not an option, at least on . Extremely disappointed.

\$230 tuition \$180 book.
