Customer Reviews

I bought this for my granddaughter who is just starting to read. When it arrived my daughter told me all of the kids were arguing about who the book belonged to. My daughter settled the problem by reminding her brothers that they were more advanced readers. I wish there were some for ages 8 and up.

My toddler likes this a lot, she asks interesting questions about the story and pictures - and it's a very welcome break from all the princesses and little ponies!

This is a great story, but can she please have pants, shorts at least? What super hero wants to fight bad guys with, literally, no pants on?

This is for part of a Christmas book basket. My daughter is going to be thrilled with it.
