"Diary" really went above and beyond the call of duty on this one. This is a great example of why I buy this author's Minecraft books for my nephew. The pigs being named after spices, which alludes to their predestined dinner date, is absolutely hilarious and a nice creative touch. The irony is that almost all of the pigs don't seem to realize or just don't want to believe that they will eventually be on the menu. The story follows a pig named Parsley who gets struck by lightning converting him into a zombie pigman. The story line on this one was epic. My nephew and I can't wait to read more from this author.

Ok. first off to that guy who sent the one star review, how does that look like diary of a wimpy kid. I mean dwk has no color. This one does have color on the cover. Second off why did the guy who sent one star send another one star review on diary of a minecraft wolf when in diary of a minecraft wolf he sent a review about this book. Third off if you don't like minecraft why send a review on a minecraft book. That makes people think your going to give every minecraft book 1 star. Fourth off why do you care about jeff kinney he just drws things without color. Fifth off It does'nt matter if he used the same writing or whatever its a completely different book with a different author and title. Sixth off why does a middle school kid and a zombie pigman have to do with eachother. Even if this author tried to copy jeff kinney it would'nt help the author to draw a zombie pigman.Over all all this authors books are great i don't think I have ever found a typo or mistake.p.s Im writing on a kindle so sorry for spelling mistakesThanks, books kid for these amazing books ----DANTE

I chose this rating because it was a great book and I loved it so much I am reading the whole series

I read this book and loved it's originality! It is a great book and not just one of those diaries that just is plain boring. In fact, the zombie pigman actially started as a pig! If you like minecraft, you should totally get this book! :)

im a young reader a ten years old and i just love how much this book takes you on a journey. the author diary wimpy is my favorite auther because he will tell you a story about his or her self while also telling about a fictional story
