Customer Reviews

Bob and Ray just kept getting funnier as their long careers continued. If you like their stuff, you'll love this collection and its companion volumes too.

hilarious

Endlessly entertaining - no matter how many times I've heard some of these routines, I still find myself laughing out loud and looking forward to the next time I make time to listen in

Bob and Ray are great. All their shows are great including the whole series and anything available on . Everything is also available on [...].However, I have ordered several of the collections. There are many discs that have skips on the tracks (annoying and not playable) and this particular collection came in with a jewel case that was damaged on the outside and the disc holders on the inside were also damaged. Whoever shipped the units must have known there were damages but they shipped anyway.
