A great book. Mine came with an Online Exam Voucher. This online voucher does not mean you take the exam at home on your computer. You have to find a proctor, set up an exam date, and they provide a computer for you to take they test while they keep an eye on you so you do not cheat hahaha. The voucher has a code which you will use on the exam day. Exam results (for Serv Safe Food Manager Exam) are instantly given to you after you complete the 90 question exam. Its not that hard. just study the material. So Cost wise, about \$70 for this book with online exam code and \$30 for the proctor (which you can not avoid this fee). Excellent material for Exam preparation. :)

This is a really good book. Especially for the classroom. It was very informative and has lots of details. The only thing I would change is the manner in which they had some of then things arranged. Other than that I learned a lot and wouldn't have been able to pass my servesafe test without this book!

I would order this book again from seller because it was reasonable, and I was able to accomplish getting recertification.

It was a good deal with an exam voucher
