Customer Reviews

Firstly, let me say I love Stephen Covey's material. Included in this collection are: 1. *First Things First* (Time Management at its best) 2. *The 7 Habits of Highly Effective People* (Everyone should read or listen to) 3. *Living the 7 Habits* (Expands and puts into practice the 7 Habits) 4. *The 8th Habit* (From Effectiveness to Greatness), and 5. *Principle-Centred Leadership* (Integrity based leading). There is a deep resounding wisdom in these materials; there is simplicity, these are a resource to change your life. Why then only a 3 star? Each of the CD's are abridged to 1 CD only... a huge disappointment. The full play (unabridged) versions are 6 CD's so some major cutting has occurred and I fear some of the valuable content lost. My suggestion... buy the books or the full play versions. Don't just peruse this material as these programs allow, study the material and transform your life!

If you already have other 7 Habits related audiobooks, no need to add this one. 20th Anniversary is just gimmick. No new contents added. Always the same old stuff! So Many Editions, And Yet Same Old Repeated Contents...

Great view on things, completely changes your way of thinking!
