My daughter was looking for a book about minecraft that she hadn't read yet. So since this one looked pretty good we picked it up. Or I guess downloaded it. She really liked it as it was easy to read and follow. The tips she will def. use on the computer version of the game. She really wished that it would have included something about the IOS app. But, it did have a lot of stuff about the computer version that she didnt know.

this book is for those people who dont know how to get wood(punching trees for wood is the 7th tip) more than half the book is either something that anyone who has already read a different book knows or something that everyone knows. the other part of the book is either wrong or something about the controls. that was the only prt of the book that was useful even a little. i was generous and gave this book an actual 2 stars, but this book doesnt earn 1. sum it up, good book for small amount of people.

I like the cool tips and stuff butt, you said 2 things twice, oops. Your dog's are really cute. I want you to make more books like this, don't forget the dog's in it! I would suggest you make a book about the minecraft mobs ant tricks with them, but in minecraft pocket edition! I give you 5 stars, good job!

A very informative handbook that tells you all the tips and tricks to Minecraft! This book had lots of things Minecraft pros don't even know A great book for starters, because it tells you what you need.I highly recommend getting this book for anyone no matter how good or bad they are in Minecraft.-Signing Off

can you make a new book about boat cheats please so i can be more happy? my name is Stephen.S|now loverT|alkativeE|picP|leasantH|appyE|ven more epicN|othing else

I've read a lot of books on tips and tricks on minecraft but this one is just the best! Highly recommended. The diaries on minecraft by this author are really good too

Read this if you want to step up your game to the next level !!! The best book on the subject out there by far!

Wow amazing. I did not know you could do all these things in minecraft....I feel like an expert now
