I purchased this book for a class in Public Administration. It was in great condition and the book itself is very informative. I think it was orderly, reader-friendly, and the chapters make sense.

ICMA website offers a bookstore that will allow you to purchase new at \$101. Don't waste your money spending more for used.

Great textbook for those studying state and local government. Provided a lot of good information for a someone who wasn't very familiar for all department functions
