Customer Reviews

I'd give this 10 stars if I could. I used to work in a middle school library, and the librarian suggested I read these so I could recommend them to students. The original plot, time travel, characterizations, and historic details just grabbed me. I have listened to the audio version several times and HIGHLY recommend it. On a road trip, this would keep the kids entranced. I don't understand why this hasn't

been made into a movie yet. I think it would be a hit. After I read the first book, before the others were published, I wrote to Mrs. Buckley-Archer, complimenting her on her excellent work, and she replied with a very gracious note.

My son could not put these books down. He was so happy reading them and telling me all about the story.

I bought this series for my niece to read while on vacation at the beach, she loved it.

I was impressed with the quality of the books and of course with your speedy service.

Ditto! We love these books!
